Day Ride - Rules and Regulations

Please ensure you park in our corner lot which is located on the corner of Elephant Lake Rd and Kingscote Rd. Entrance is first driveway to your left. **1015 Kingscote Rd**

Please do not block entrance and be sure to park so others can enter and exit easily.

Please ensure you scoop your horses poop and dispose of in the manure pile - not in the forest or grass.

Please ensure you leave the parking area as clean as when you arrived.

Each day pass includes a trail map in which you can pick up at the main office. Please follow the trail signs from the parking area to our main yard to obtain your map at the office.

Please note that we are also a trail riding facility that take out multiple, inexperienced groups of riders each day. If you happen to come up on one of our guided rides, please be courteous and stay off to one side at a walk or if your horse is uneasy, then just position yourself off of the trail (if possible) to ensure everyones safety.

Happy Trails!!!!
